

Policies & Procedures Manual

Policy No. 4.1 (BP- Highway Access Permit Required for Building Permit)

Highway Access Permit Required for Building Permit

The Regional District requires proof of a Highway Access Permit issued for property to be accessed by a “Controlled Access Highway” prior to issuing the building permit.

The Regional District requires proof of a Highway Access Permit issued prior to final inspection for construction of a new commercial or industrial establishment, or an addition to a commercial or industrial establishment that proposes to add more than 20% to its existing floor area, where the property is not accessed by a Controlled Access Highway.

Approving Authority: Board	Page 1 of 1
