

FILM NOTIFICATION LETTER

April 28, 2026

Dear Neighbours of Minaty Bay,

Please take a moment to read this notice about a filming of the Disney Television Studios Pilot with a working title Alphabet Soup. We would like to provide information to help you prepare for our arrival and anticipate how our activities might affect your daily routine.

Stage 49 Ltd. is scheduled to be filming an **exterior day scenes at Minaty Bay waterfront for 2 days on May 19 and 20, 2026**. Filming is scheduled to take place from approximately **7am until 10pm**.

The scene being filmed involves a controlled explosion on May 20th. The explosive products that we use are specific to the entertainment industry. They are developed to be used in close proximity to crew and cast. The products leave no residue for clean up. The fuel that we will be using for both the explosion and the aftermath fire is propane. We will be using this via approved propane tanks. The storage for this is a provincially and federally governed. **Atmospheric smoke will be used.** We follow strict fire prevention and safety plan. The local Fire Department will be on site. QEP (Qualified Environmental Professional) will be on site to supervise our work.

How is this going to impact the neighbours?

You might hear a “bang” and see some smoke in the area on May 20th, 2026.

Thank you for your patience and continued support of the B.C. film industry.

Kind Regards,

Michael LeGresley
Location Manager
