

How the total SLRD tax requisition funds are distributed

Percentages reflect how SLRD tax requisition funds are allocated across the region.

General Government Services

Corporate services that support governance, financial management, and the delivery of regional district services. This includes administration, technology, building, planning, elections, climate action, advocacy and community engagement.

Protective Services

Services that support emergency preparedness, response, recovery, coordination, and public safety across the region. Includes fire protection, emergency planning, search and rescue, flood and diking works and 911 services.

Waste

Services that provide and maintain solid waste systems and planning to support public health, environmental protection, and reliable service delivery in local communities.

Utilities

Services that provide and maintain essential water and wastewater to support public health, environmental protection, and reliable service delivery in local communities.

Recreation & Culture

Services that support recreational opportunities, cultural facilities, and community programs. Includes libraries, museums, recreation centres, parks, trails, arts, culture, and community facilities

Other Services

Services that provide locally delivered infrastructure and community supports. Includes street lighting, road improvements, economic development, and cemeteries.
