

2026 Rural Property Tax Guide: SLRD Electoral Area A

About the Squamish-Lillooet Regional District

One of 27 regional districts in the province, the Squamish-Lillooet Regional District (SLRD) consists of four member municipalities (District of Lillooet, Village of Pemberton, Resort Municipality of Whistler, District of Squamish) and four electoral areas (A, B, C, D). The SLRD is found within the traditional territories of the Squamish, St'at'imc and Lil'wat Nations.

The district encompasses 16,311 km² and is home to 50,496 residents, including First Nations (2021 census).

Area A is the northwestern-most area in the SLRD and is known as the Upper Bridge River Valley. It includes the communities of Gold Bridge, Bralorne, Bradian, Gun Lake, Tyaughton Lake, Gun Creek Road & Marshall Lake.

About Regional District taxation

Each regional district service has its own budget outlining the revenues and costs to deliver that service. Funds cannot be shared between services, and deficits are not permitted. Only participating areas, such as electoral areas or municipalities, pay for the services they receive.

Most services are funded through property value taxes based on assessed value. Some also use parcel taxes, which are a flat rate per property, or user fees such as water charges.

With limited exceptions set by the Province, the SLRD can only provide services that have been formally established in response to a request from residents or a member jurisdiction.

Services fall into four categories:

- Regional services, provided across the entire region;
- Sub-regional services, shared by two or more jurisdictions;
- Local services, provided within a single electoral area or a portion of it;
- Defined area services, funded only by properties within a specific boundary.

Understanding your tax notice

The Province of B.C. collects taxes for schools, road, policing and regional district services. The SLRD receives a lump sum payment from the Province in August of each year.

Provincial School Tax: The Province collects this tax for education services and school facilities.

Provincial Rural Tax and Police Tax: This provincial tax is for rural road maintenance and police protection services.

BC Assessment Authority: This is a Crown corporation that sets all property assessment values in the province. Its costs are recovered by this tax.

Municipal Finance Authority: The Municipal Finance Authority coordinates the borrowing of funds for all local governments in the province.

SLRD Electoral Area Services: This is your electoral area tax for services provided by the SLRD.

The regional district provides common services to residents of the entire region (member municipalities & electoral areas) and some services which are specific only to the electoral areas, or to your area alone.

Defined Area Services: Included in this brochure is a breakdown of taxation for the services provided only to a defined area of your electoral area.

The Provincial tax collection fee is 5.25% of all taxes collected. This fee is embedded in your property tax notice amounts and retained by the Province and is not included in this brochure's estimated taxes.

Property Assessments

The BC Assessment Authority classifies all properties according to one of eight property tax classes:

- Residential
- Utilities
- Major Industry
- Light Industry
- Business / Other
- Managed Forest
- Recreation / Non-Profit
- Farm

The Utilities, Industry, Business and Managed Forest classes are taxed at higher rates than other classes, thus relieving the residential tax burden. For regional districts, the tax ratios among the different classes are set by the Province. Municipalities can set their own ratios.

Total 2026 assessed values for the Regional District as a whole have increased by 2.10% over 2025. Electoral Area A's assessed values have increased by approximately 5.72% over 2025. Changes in individual property values will vary.

Hospital Districts

Regional Hospital Districts fund the local share of capital and equipment costs for health care facilities. The local contribution is up to 40%, with the Province contributing 60%.

Electoral Area A is part of the Thompson Regional Hospital District. Contact the Thompson-Nicola Regional District: 1-877-377-8673 or visit www.tnrd.ca

2026 - 31.17

2025 - 37.49

2026 Rural Property Tax Guide: SLRD Electoral Area A

Electoral Area A represents approximately 5% of the total SLRD tax requisition.

The circles represent SLRD services shared across Electoral Area A based on an estimated tax rate per \$1,000 of assessment value.

Enquiries

In accordance with the Local Government Act, regional districts do not collect taxes directly from the taxpayer. Instead, taxes for regional district purposes are collected by the Province (Surveyor of Taxes) and by the member municipalities.

Surveyor of Taxes can provide information on provincial taxation and property tax notices.

Call toll-free through Enquiries BC at 1-888-355-2700 or locally 250-387-0555.

Tax information is also available on the Provincial Property Tax website:

How the total SLRD tax requisition funds are distributed

Percentages reflect how SLRD tax requisition funds are allocated across the region.

General Government Services

Corporate services that support governance, financial management, and the delivery of regional district services. This includes administration, technology, building, planning, elections, climate action, advocacy and community engagement.

Protective Services

Services that support emergency preparedness, response, recovery, coordination, and public safety across the region. Includes fire protection, emergency planning, search and rescue, flood and diking works and 911 services.

Waste

Services that provide and maintain solid waste systems and planning to support public health, environmental protection, and reliable service delivery in local communities.

Utilities

Services that provide and maintain essential water and wastewater to support public health, environmental protection, and reliable service delivery in local communities.

Recreation & Culture

Services that support recreational opportunities, cultural facilities, and community programs. Includes libraries, museums, recreation centres, parks, trails, arts, culture, and community facilities

Other Services

Services that provide locally delivered infrastructure and community supports. Includes street lighting, road improvements, economic development, and cemeteries.

How property values and services shape your property taxes in the SLRD

1 Service costs are determined

The Squamish-Lillooet Regional District calculates the cost of providing regional and local services within each electoral area and service area. Each electoral area funds a distinct mix of services based on local needs, and only properties within a service area contribute to the cost of that service.

2 Assessing property value

BC Assessment determines the assessed value of each property based on factors such as location, size, age, condition, improvements and market value.

3 Calculating and collecting property taxes

Unlike municipalities, where property taxes are billed directly by the municipality, property tax notices in Electoral Areas are issued and collected by the Province of British Columbia through the BC Surveyor of Taxes. The Surveyor of Taxes applies the tax apportionment method set out in the applicable service establishment bylaw. The SLRD is not provided with detailed information about individual property tax bills.

Why property taxes differ

Property values vary, and not all properties receive the same combination of SLRD services. As a result, property tax amounts differ from property to property, and no two properties within a regional district pay the same amount of property tax.

SLRD Budget category definitions

General Government Services

Corporate services that support governance, financial management, and the delivery of regional district services. This includes administration, Regional Growth Strategy, invasive species management, technology, building, planning, elections, climate action, advocacy, community engagement and outreach.

Protective Services

Services that support emergency preparedness, response, recovery, coordination, and public safety across the region. Includes fire protection, emergency planning, search and rescue, flood and diking works and 911 services.

Recreation & Culture

Services that support recreational opportunities, cultural facilities, and community programs. Includes libraries, museums, recreation centres, parks, trails, arts, culture, and community facilities

Waste & Utilities

Services that provide and maintain essential water and wastewater systems to support public health, environmental protection, and reliable service delivery in local communities.

Other Services

Services that provide locally delivered infrastructure and community supports. Includes street lighting, road improvements, economic development, and cemeteries.
