EVACUATION ALERT – SLRD ELECTORAL AREA C
Atmospheric River Flooding Event

Expanded: November 11 2026, at 2100 hrs

Based on recommendations from the Pemberton Valley Dyking District, an Evacuation Alert has been expanded by the Squamish-Lillooet Regional District to include additional areas affected by flooding caused by the ongoing atmospheric river event.

The SLRD has expanded the Evacuation Alert to include residents and properties within the Electoral Area C portion of the Pemberton Valley.

Properties placed on Evacuation Alert on November 11, 2026 at 1615 hrs remain under Evacuation Alert as part of this expanded notification.

This Evacuation Alert is issued due to extremely high river flows and significant precipitation that may result in significant flooding.

Because of the potential danger to life and health, the Squamish-Lillooet Regional District has issued an Evacuation Alert for the following properties:

- **All SLRD properties in the Pemberton Valley as outlined in the attached map.**
- **Enter your home address in the SLRD's mapping dashboard to see if your property is in the Evacuation Alert area.**

An Evacuation Alert has been issued to prepare you to evacuate your premises should it be found necessary. Residents will be given as much advance notice as possible before evacuation; however, you may receive limited notice due to rapidly changing conditions.

NOW IS THE TIME TO PREPARE FOR AN EVACUATION
