The responsibility for the construction and installation, maintenance and repair of any or all such utilities shall be at the sole discretion of the Developer, and the Developer shall have the sole responsibility for the provision of any or all such services to the Lands and to any individual Site. It is expressly understood by the Developer and the Developer hereby acknowledges and agrees that the District shall be under no obligation to provide any connection to the regional system for any or all such utilities and that any utilities installed by the Developer shall be self-contained within the Lands. Save as specifically provided in this Agreement, all utilities shall conform to all appropriate District, Provincial and Federal by-laws and/or statutes and regulations pertaining thereto. The Developer shall have the sole responsibility of obtaining any necessary permits for any such services from the appropriate authority. The Developer agrees that neither the District nor any Provincial or Federal Department or Agency shall have any obligation to provide any of the utilities referred to in this clause or elsewhere in this contract.

13. Ways

The footpaths, trails or other ways shall be located substantially as shown on the Site Plan. The District and the Developer

acknowledge and agree that the footpaths, trails or other ways are private ways, the responsibility for which remains with the Developer and the owners from time to time of the Sites. It is acknowledged by the parties hereto that the ways as contemplated by the Developer do not meet Provincial highway standards and that any future proposal for subdivision will not have the approval of the Authority then having jurisdiction with respect to subdivisions until such time as access roads to and within the said Lands have been designed and constructed to the standards of such Authority. It is expressly understood by the Developer and the Developer hereby acknowledges and agrees that the District shall be under no obligation to provide, improve, or maintain any road or roads to connect the said Lands with any road or roads presently developed by the District either at this time or in the future, and that if any such connecting road or roads are hereafter requested by the Developer, the Developer shall pay all costs of installing and maintaining any such road or roads.

16. Partition

The Lands shall be divided into Sites substantially in compliance with and according to the Site Plan. It is acknowledged by the parties hereto that the Lands will not be subject of a subdivision as such term is defined in the Land Registry Act, R.S.B.C. 1960 and all amendments as of the date hereof.

17. Changes in Schedule "A"

The District and the Developer agree that while the Site Plan shows the general location and sizes of the Sites, roads and other parts of the Lands, the exact location and size of the Sites may vary slightly from Schedule "A" so long as no significant or substantial change is made. The Developer shall submit to the District for approval a revised Site Plan showing the final delineation of all Sites on the Lands in as many copies as may be reasonably required by the District. The Building Inspector shall be entitled to charge and receive the fees of the District for inspections and approvals.

- (b) a summary of the provisions of this Land Use Contract; and
- (c) a description of the procedure to be followed by each owner of a share in the Developer Company in order to obtain a Building Permit for the Site.

20. Payments by Developer

The Developer agrees:

- (a) to pay all current taxes levied or to be levied on the said Lands on the basis and in accordance with the assessment and collector's roll entries;
- (b) to pay to the District all inspection, administration, engineering and legal fees occasioned by the District in connection with this Land Use Contract.

21. No building permit will be applied for nor issued for any construction on the said Lands until a cash deposit, bid bond or bonds or an irrevocable Letter of Credit of a chartered bank in the amount of \$20,000.00 has been posted by the Developer with the District. If the Developer should have failed to properly and fully carry out, observe and fulfill each and every one of the terms, covenants and conditions contained in Clauses 5, 6 and 14 herein or any one or more of them, the whole amount of the said cash deposit, bid bond or bonds or Letter of Credit shall immediately be forfeited to the District: PROVIDED, HOWEVER, THAT the District shall be entitled, at its option, to use the aforesaid cash or proceeds from the said forfeiture for the purposes of doing or carrying out any of the provisions of the aforesaid clauses in this Agreement and for such purposes shall be entitled to access to and upon the said Lands. It is expressly understood and agreed that at the expiration of each

period of three months after the date of execution of this Agreement (or any shorter time at the discretion of the Regional Administrator) the estimated amount of the cash, bonds, or other securities obtained and deposited aforesaid which is required to secure the District in respect of the balance of the respective works, improvements and things to be done and terms, conditions and covenants of Clauses 5, 6 and 14 of this Agreement (or any one or more of them) shall be reviewed by the Regional Administrator, and if such amount is less than the cash, bonds or other securities initially required and provided pursuant to this Agreement, the amount thereof shall be reduced accordingly. The decision of the Regional Administrator as to the respective estimated amount aforesaid shall be final. Until the Developer shall have been notified of the reduced amount and shall have notified the District of its agreement to an acceptance thereof, the amount of the cash, bonds or other securities shall remain at the last previous amount.

22. Indemnity by Developer

The Developer covenants to save harmless and effectually indemnify the District, its officers, employees and/or agents against:

- (a) All actions and proceedings, costs, damages, expenses, claims and demands whatsoever and by whomsoever brought by reason of the execution of this Land Use Contract; and
- (b) All expenses and costs which may be incurred by reason of the execution of the said works on the Lands resulting in damage to any property owned in whole or in part by the District or which the District by duty or custom is obliged, directly or indirectly, in any way or to any degree, to construct, repair or maintain.

23. Development

The District hereby covenants and agreed with the Developer to permit the Developer to proceed with the development herein contemplated on the said Lands and to issue Building Permits for each of the Sites subject to the terms and conditions herein contained.
