

Report for Determining the Number of Eligible Electors - Alternative Approval Process

The purpose of this report is to show the basis for determining the total number of electors in relation to Squamish-Lillooet Regional District Pemberton and District Recreation Contribution Service Establishing Bylaw No. 1784-2022 that is the subject of an Alternative Approval Process.

Section 86(3)(c) of the Community Charter requires the Squamish-Lillooet Regional District (“SLRD”) Board to make a fair determination of the total number of electors of the area to which the Alternative Approval Process applies, which in this case is SLRD Electoral Area C (the “Service Area” as defined by the bylaw). In addition, pursuant to section 86(4) of the Community Charter, the SLRD Board must make available to the public, on request, a report respecting the basis on which the determination was made.

The estimated number of eligible electors within the Service Area is based on information from various sources (as indicated below), calculated as follows:

Estimated population of the Service Area [see (1) below]:	3,397
Estimated number of people 18 years of age or older within the Service Area: [see (2) below]:	2,693
Add estimated # of non-resident property electors within the Service Area [see (3) below]:	335
Estimated total # of eligible electors in Service Area:	3,028
Ten percent of the total # of eligible electors in the Service Area is estimated to be:	302

Therefore, the required number of elector responses (i.e. 10% or more) to prevent the SLRD Board from adopting Squamish-Lillooet Regional District Pemberton and District Recreation Contribution Service Establishing Bylaw No. 1784-2022 via the Alternative Approval Process is **302**.

Sources:

1. The total estimated population of the Service Area was derived from information obtained from Statistics Canada website, based on the 2021 Canadian census, and from the 2022 BC Assessment Revised tax roll. The estimated population of the Service Area (i.e. SLRD Electoral Area C) is 3,397.
2. The estimated number of people 18 years of age or older was derived from information obtained from Statistics Canada website, based on 2021 Canadian Census estimates. The estimated number of people 18 years of age or older in the Service Area is 2,693.
3. In respect of Electoral Area C, the number of non-resident property electors is estimated to be 335 based on an analysis of BC Assessment tax roll information and the requirement that a person may register as a non-resident elector only in relation to one parcel of real property in an electoral area.
