

Is collecting food scraps new to you?

Follow the sticker guide and make sure you're putting the right stuff in the bin.

Reduce the yuck: line your bin with some newspaper or use a compostable paper bag.

Store your bin under the kitchen sink.

Empty your bin at the residential depot and rinse before starting again.

Encourage others to collect food scraps – it's the best way to reduce garbage.

Love this place.
Reduce your waste.
