

Shovelnose Creek Location

This satellite map shows the extensive delta of the Squamish River, characterized by a complex network of light-colored sandbars and channels. The river flows from the top left towards the bottom center. Two yellow pushpin markers are placed on the map: one at the top right, labeled 'Shovelnose Creek Location', and another at the bottom center, labeled '16km Marker Viewpoint'. The surrounding landscape is a dense, dark green forest. GPS coordinates are provided for both locations.
