Questions received related to streetside maintenance:

What level of maintenance per the CLNA standards are required for this tender?

We are not members of CLNA - these standards do not apply.

Are the residential home front locations at the south end of Furry Creek Drive fall into this contract or only where there is no homes?

Private lands are not mowed; however, they are part of annual pruning and debris removal in fall (sections 4 and 5 of the Scope of Work, Schedule B).
