

**Report for Determining the Number of Eligible Electors - Alternative Approval Process**

The purpose of this report is to show the basis for determining the total number of electors in relation to **Squamish-Lillooet Regional District Britannia Creek Debris Flood Works Operations and Maintenance Service Establishing Bylaw No. 1601-2018** that is the subject of an Alternative Approval Process.

Section 86(3)(c) of the Community Charter requires the Squamish-Lillooet Regional District (“SLRD”) Board to make a fair determination of the total number of electors of the area to which the Alternative Approval Process applies, which in this case is a portion of SLRD Electoral Area D, located within the community of Britannia Beach (the “Service Area”). In addition, pursuant to section 86(4) of the Community Charter, the SLRD Board must make available to the public, on request, a report respecting the basis on which the determination was made.

The number of people eligible to be a resident elector or a non-resident property elector is determined based on those individuals who when signing an elector response form:

- are 18 years of age or older;
- are a Canadian citizen;
- have lived in British Columbia for at least six months;
- have lived or owned property in the Service Area for at least 30 days; and,
- are not disqualified under the Local Government Act, or any other enactment from voting in a local election, or are not otherwise disqualified by law.

The estimated number of eligible electors within the Service Area is based on information from various sources (as indicated below), calculated as follows:

Estimated population of the Portion of SLRD Electoral Area D within the Service Area [see (1) below]:	373
Estimated number of people 18 years of age or older: [see (2) below]:	243
Add estimated # of non-resident property electors within the Service Area [see (3) below]:	66
Estimated total # of eligible electors in the Service Area:	309
Ten percent of the total # of eligible electors in the Service Area is estimated to be:	<b>30</b>

Therefore the required number of elector responses (i.e. 10% or more) to prevent the SLRD Board from adopting **Squamish-Lillooet Regional District Britannia Creek Debris Flood Works Operations and Maintenance Service Establishing Bylaw No. 1601-2018** via the Alternative Approval Process is **30**.

**Sources:**

1. The total estimated population of Britannia Beach was derived from information obtained from the Statistics Canada website, based on the 2016 Canadian census. The estimated population of the Service Area is 373.
2. The estimated number of people 18 years of age or older within the Service Area was derived from information obtained from Statistics Canada website, based on 2016 Canadian Census estimates. The estimated number of people 18 years of age or older within the Service Area is 243.
3. In respect of the portion of Electoral Area D that is the Service Area, the number of non-resident property electors is estimated to be 66 based on an analysis of BC Assessment tax roll information and the requirement that a person may register as a non-resident elector only in relation to one parcel of real property in an electoral area.
